ITEMS FOR INFORMATION

Update: Report on Opening of School – Dr. Harrington welcomed everyone to the new school year in which we had a very smooth opening. She reported that Chromebooks were brought to this meeting and anyone who would like to take a closer look may do so. Dr. Harrington reported on an unfortunate incident with one of our 9th graders who was involved in a car accident. The student is recuperating remarkably well. Dr. Harrington acknowledged and thanked our faculty and administrators for their support during this difficult time.

Construction Report – Mr. Van Cott presented the construction report (as attached to the records of this meeting). He reported that we are planning for the summer of 2018 which is the fifth and final year of the Capital Improvement Plan. Schools #4 and 9 will be closed for construction.

A community member inquired about our use of solar energy and an answer was provided.

Assessment Results – Mrs. Provvido provided a PowerPoint presentation (which will be posted on the District website) on our Annual District Performance Review 2017. The report is an overview of our District's AP results, Regents results and grades 3-8 assessment results. Some changes that will take place over time with regard to assessments are as follows:

- Untimed testing
- Fewer reading passages and test questions
- Teacher involvement in question evaluation and development
- Decreased number of testing days – specifically from 3 days to 2 days (this year)
- 100% of test questions written by NYS educators (this year).

Our graduation rate is in excess of 96%. An impressive 1/3 of all students in grades 10-12 participated in AP exams; 1,070 AP exams were taken and 74% scored at level 3, 4 or 5 earning students the opportunity to apply these courses for college credit. Mrs. Provvido reviewed our students' Regents results in mathematics and noted that 92% of our eighth grade students passed the Algebra 1 Regents. Mrs. Provvido also reviewed Regents results for Oceanside High School and Castleton High School

Questions were raised and responses were provided.

Goals 2017/18 – Dr. Harrington provided a Goals Report (which will be posted on the District website). She explained that we will highlight some of the specific goals at subsequent Board meetings. Dr. Harrington spoke on the following topics:

- Curriculum, Instruction and Assessment – to name a few:
 - OHS Computer Science
 - Redesigned OHS Economics and Government Course
 - Exemplars
 - Foundations
 - Makerspace
- Dr. Harrington reported on chronic absenteeism and that we need to become educated on the expectations for attendance with the Every Student Succeeds Act (ESSA) and develop a system to monitor and address chronic absenteeism K-12.
- Dr. Harrington thanked Fran Cuomo for our redesigned District website which provides additional access information for community members and school personnel.
- Dr. Harrington spoke about community outreach, in particular the Parent and Student Seminars (PASS)'Parent University. The District will evaluate, enhance and increase attendance for the PASS offerings and design a Saturday Parent University event to be held on March 10, 2018 based on the feedback from a community survey.
- A Veterans Project will be held on November 9th at 9:30 a.m. at Schoolhouse Green. This is a partnership between local Veterans organizations and students of Oceanside High School Castleton for the purpose of collaborating on a shared initiative related to a flag and service dedication.
- In addition, Dr. Harrington reported on Social and Emotional Literacy, Professional Development on the mathematics level, technology as an on-going project, and the Early Childhood Lab ribbon cutting ceremony will take place before the end of the year.
