

Builder's Club
Thanksgiving Drive 2018

Dear O.M.S. family,

It is that time of year when we are asked to give the best of what we can.

Builder's club will host eight to ten Oceanside community families this year for Thanksgiving.

We are asking for your help. One problem that we may have is the fact that supermarkets will not be giving out free turkeys but instead giving a discount with a purchase. We also need to collect all the trimmings. We are counting on the students to supply trimmings. The third part of the feast includes, baked goods, butter, eggs, etc. which we buy with our bake sale money.

If your team would like to donate a turkey please send us a note via email so we can keep track. We will also place flyers in your mailboxes today to encourage students to donate trimmings.

If possible, we would like to know by Friday, November 16, if your team will donate a turkey. I believe some grocery stores are offering a discount with purchase.

We really do appreciate all that you do. Food for thought.... maybe student council could help out.

Thank you,

Janice Harrington
