

April 11, 2019

Dear Parent/Guardian,

We are pleased to inform you that we are again offering our Algebra Regents preparation class for students receiving special education services. This program will address strategies, content knowledge, and skills assessed on the Regents exam. It is offered as a supplement to the preparation sessions given by the middle school math teachers. Students participating in these special sessions may also attend the Regents preparation classes by their math teacher during their regular extra help sessions. The sessions begin the week of April 29th and runs until the Regents exam, which is June 12th.

The sessions will be taught by Mrs. Block and Mrs. Rich, thereby providing students with an opportunity to receive individualized support in both content and skill development. The schedule is listed below:

Wednesdays 6:55 – 7:40 am -room 302

Wednesdays 2:30 – 3:15 pm - room 302

We strongly encourage your child to take advantage of this opportunity. Feel free to contact me or the teachers listed above if you have any questions.

Sincerely,

Dr. K. Lamparello
Middle School Director of Special Education
