Community Service Guidelines

Community Service is an integral part of the Oceanside Middle School experience, with students required to complete a minimum of two hours each year. This program is designed to introduce students to the vast and varied needs of the greater community. Through discussion, reflection and, most importantly, hands-on experience, students will see that their time and effort can have an important impact on the lives of others. From this involvement, it is our hope the students gain a sense of accomplishment, independence, and personal responsibility.

All community service hours can be earned right here at Oceanside Middle School. If you choose to support a community-based organization or a private individual or organization, it is the responsibility of a parent/guardian to supervise you in this pursuit.
