**Talking to Your Teenager About**  
**The Dangers of Vaping**

**February 5, 2019**

7:00 pm PTA Meeting

7:30 pm Presentation

Oceanside Middle School Library  
All parents and students are welcome

The Long Island Council on Alcoholism and Drug Dependence will provide an overview of new trends in substance use -- what has changed and what hasn't. Parents will learn about adolescent brain development and vaping patterns, as well as tips for parents to use at home when having these conversations with their adolescents. Vaping devices, dangers and health effects will be discussed as well as the use of nicotine and marijuana through vape devices. The presentation will also cover the impact of cultural influences on adolescent perceptions and behaviors.
