### **ITEMS FOR INFORMATION**

Construction Report – In Mr. Van Cott's absence, Dr. Harrington presented the construction report (as attached to the records of this meeting). She advised that we had a very successful summer in terms of construction projects and that we are ready to begin the school year without any negative implications. Dr. Harrington recognized the tremendous efforts of our Buildings and Grounds Department for their commitment in ensuring our buildings are clean and safe for all students and staff.

Dr. Harrington reported that the District's Smart Schools application is still in the state's review queue. No Wi-Fi work can begin until the bond money comes through.

Opening of School – Dr. Harrington reported that Superintendent's Conference Day took place today at 8:00 a.m. in the High School Auditorium. The District is ready to begin the school year in terms of buildings and teachers. The staff development day to be held on August 31<sup>st</sup> will be filled with professional development courses at all grade levels. Students report to school on Tuesday, September 5<sup>th</sup>.

Summer Academy/Camp Invention – Dr. Rose was proud to announce that approximately 160 students participated in Camp Invention at School #4. Dr. Harrington extended her appreciation to Jessica Keegan and an administrative intern on running a very successful elementary summer school program.

Summer Curriculum/Professional Development – Mrs. Provvido spoke about the very busy and productive summer in the area of curriculum, instruction and research. A number of wonderful professional development courses took place. Many of the classes focused on technology as part of what we have coined SAMR University. SAMR is a model that supports educators in the process of designing, developing and infusing digital learning experiences. All the course summer offerings were developed and facilitated by our very own teachers and over 250 faculty members enrolled in these classes.

Curriculum writing took place in every content area; a sampling of these projects included:

- Writing Makerspace units for grades 2 and 3
- Embedding math exemplars into the elementary curriculum
- Designing our new computer science classes for the secondary level
- Newly designed government course at OHS
- Newly developed AP Spanish Language and Culture curriculum
- Began the work of aligning our K-12 science curriculum to the new science standards
- Began to launch the new Teaching and Learning Coaching paradigm on the elementary level
- Our Middle level welcomed selected students for a day-long leadership training in collaboration with the Anti-Defamation League.
- Began Phase 1 of the High School Chromebook 1:1 initiative.

Mrs. Provvido encouraged everyone to look at the District’s Goals and Objectives document that can be accessed via our new website.

A question was raised by a Board member regarding attendance at professional development courses during the summer and a response was provided. Inquiries were raised by several community members regarding iPads and Chromebooks and responses were provided. A sample of a Chromebook will be brought to the next Board of Education meeting.

### **OPPORTUNITY FOR THE SUPERINTENDENT**

Dr. Harrington welcomed several new staff members to the District and reported that we are ready to begin the new school year.

With regard to families impacted by the devastation of Hurricane Harvey, Dr. Harrington said that we would provide support as an Oceanside community with more details to follow.

### **OPPORTUNITY FOR THE BOARD OF EDUCATION**

Mr. Transom thanked the Buildings and Grounds Department, in particular Mr. Schloth, Mr. Hughes and Mr. Watts for coordinating the construction work over the summer. We did not need a project manager because of the efforts of these people thereby saving the District much money.

Mrs. Garrity reported that administration did an outstanding job performing the opening day rap song. Special credit to Beth Ziogiannis for writing the lyrics.

**OPPORTUNITY FOR MEMBERS OF THE COMMUNITY ON NON-AGENDA ITEMS**
