

Dear OMS Families,

If your child is going to be absent from school due to illness, quarantine, or any other reason, you are required to email omsabsence@oceansideschools.org or call the nurses' office (678-8526) to notify the school of your child's absence. If your child is well enough to learn, they may use Google Classroom to access daily learning activities and assignments.

We thank you in advance for your cooperation with this matter.
